

# Community-Based Health Care Centers by Primary Service Type (June 2010)

Next Page: Directory of locations and services

Some clinics only serve special populations. See the attached directory for more details.

The following community-based health care centers offer a wide variety of services, including but not limited to family medicine, pediatric care, mental health and substance abuse treatment, and dental and optometry examinations.

Medicare, Medicaid, and private insurance are accepted. Based on household income, a sliding fee scale may be available. A copayment may be required at time of service.

*Please call locations for a detailed description of services, appointment availability and payment options.*
